Former Polycom Senior Vice President Joins Vyopta

J. Ed Ellett joins Vyopta Board of Directors

Austin, Texas – November 29, 2010 - Vyopta Incorporated, a software developer of applications that transform business models using Cisco TelePresence technology, today announced the appointment of J. Ed Ellett to the Vyopta Board of Directors. Mr. Ellett was a seasoned senior executive of several market leading multinational high-technology companies.

"We are thrilled to have Ed join our board of directors. His extensive expertise in marketing and product strategy and sales channel development will be a tremendous asset to the company," said Alfredo Ramirez, President and CEO of Vyopta. "We will also benefit from his business acumen and insights as we continue to grow our business in a rapidly expanding video communications market."

Mr. Ellett was most recently Senior Vice President and General Manager of Polycom's Video Communications Division. Previously, Mr. Ellett was Vice President and General Manager of AMD's Microprocessor Business Unit and the former Vice President and General Manager of Compaq's Workstation Division.

"I am excited to be joining the board of Vyopta to help guide the company through its next phase of growth," said J. Ed Ellett. "I am impressed with the innovative spirit at Vyopta and the creative software solutions deployed for their customers. I believe that Vyopta's products are positioned to play a major role in the video communications market, which is poised for explosive growth."

About Vyopta Incorporated

Vyopta develops software applications that integrate video communications into mission critical processes. Vyopta's solutions help clients – from Fortune 500 to small businesses – transform current business models for more efficient and effective performance in areas such as high-touch customer sales, services and healthcare.
